EXPERIENCE

JAN 2017 - JULY 2018

Epic

Technical Trainer / Analytics and Reporting

- Trained Business Intelligence staff at large healthcare organizations on how to use Epic databases
- Developed curriculum end-to-end including manuals, exams, lesson plans, and visuals
- Created diagrams and presentations as the team's informal graphic designer

AUG 2016 - DEC 2016

University of Wisconsin, Madison

Researcher / Medical Imaging

- Developed novel medical imaging devices using novel optical technology

SEPT 2014 - AUG 2016

Microsoft

Program Manager / Windows, Office

- Redesigned Microsoft Office's online support and training pages
- Developed the Windows 10 operating system audio experience
- Juggled demands from various shareholders such as the design, engineering, data, and writing teams
- Emphasized clear communication, setting vision and working to get all involved on the same page

JAN 2013 - JAN 2014

Duke University

Researcher / Metamaterials

- Designed, simulated, and tested a novel type of electric metamaterial using liquid
- First-Author Paper (PRB):
<http://dx.doi.org/10.1103/PhysRevB.89.245132>

EDUCATION

Duke University

BSE Electrical and Computer Engineering

GPA: 3.84 / Magna Cum Laude
2014

TOOLS

UX/UI DESIGN

Illustrator
Photoshop
Figma
Sketch
InVision
Adobe XD

PROGRAMMING

HTML/CSS
JavaScript
Java

DATA ANALYTICS

SQL
Crystal Reports

INSTRUCTIONAL DESIGN

Captivate
Camtasia
PowerPoint

EPIC CERTIFICATIONS

Cogito Reporting (9 certs)
Beaker Laboratory (2 certs)
